

Chess Management Guide

BY TRINIDAD

This is the greeting screen. It contains the main tabs that represent the functionality.

Welcome to Chess Master

Chess Master allows you to keep track of the scores and scheduling of your favorite colleges within the Chess league.
Click the buttons on the sidebar to view the rankings, teams, or schedule.
Sign in using the account page for additional features.

This screen contains the current points of the teams that are entered by officials. It also sorts the teams based on the amount of points

Team Rankings

1. dsc | Score: 0
2. bsc | Score: 0
3. ysl | Score: 0
4. osu | Score: 0
5. lsu | Score: 0
6. asu | Score: 0
7. uga | Score: 0
8. arburn | Score: 0
9. txtech | Score: 0
10. gatech | Score: 0

This screen contains the schedule of matches over a number of weeks.

Logic of data displayed

- The data that is displayed in the Team, Ranking, Schedule is gathered from a csv file
- The csv file allows for easy data storage and retrieval
- The csv file can only be edited by users granted login access
- Python automates generation and organization of the information collected from the csv file to the Team, Ranking, and Schedule tabs
